

STOLL BERNE FILES CLASS ACTION SUIT AGAINST TRM CORPORATION

Portland, Oregon – June 5, 2008 – Stoll Stoll Berne Lokting & Shlachter PC (“Stoll Berne”) (<http://www.stollberne.com>) announces that a class action has been commenced in the United States District Court for the District of Oregon on behalf of purchasers of TRM Corporation (“TRM” or the “Company”) (NASDAQ:TRMM) common stock during the period between March 16, 2006 and May 22, 2007 (the “Class Period”).

If you wish to serve as lead plaintiff, you must move the Court no later than 60 days from May 23, 2008. If you wish to discuss this action or have any questions concerning this notice or your rights or interests, please contact plaintiff’s counsel, Gary M. Berne or David Rees of Stoll Berne at 503-227-1600 or via e-mail at gberne@stollberne.com or drees@stollberne.com. If you are a member of this class, you can view a copy of the complaint as filed at <http://www.stollberne.com>. Any member of the purported class may move the Court to serve as lead plaintiff through counsel of their choice, or may choose to do nothing and remain an absent class member.

The complaint charges TRM and certain of its officers and directors with violations of the Securities Exchange Act of 1934. The Company provides convenience ATM services to consumers in retail environments in the United States.

The complaint alleges that, throughout the Class Period, defendants issued positive statements about the Company’s financial health and performance. As alleged in the complaint, these statements were materially false and misleading because defendants misrepresented and failed to disclose: (a) that the Company’s financial results were artificially inflated due to the failure to timely write down certain assets, which were materially overvalued in the Company’s financial statements; (b) that the Company lacked adequate internal controls and procedures necessary to ascertain its true financial condition and worth; and (c) as a result of the foregoing, the Company’s ability to continue its operations and remain a going-concern was in serious doubt. At the end of the Class Period, the Company provided investors with details about the progress of its restructuring plan and announced new management positions. Following this disclosure, shares of the Company’s stock declined dramatically.

Plaintiff seeks to recover damages on behalf of all purchasers of TRM common stock during the Class Period (the “Class”). The plaintiff is represented by Coughlin Stoia Geller Rudman & Robbins LLP and by Stoll Berne which have expertise in prosecuting investor class actions and extensive experience in actions involving financial fraud.
